Learn something new in 15 minutes!

#SkolonEdTalk

Friday

10.10 – 10.55 Pupil Panel with Peter Reeves **Student Voices on EdTech: Accessibility, Equity, and What Really Works**

In this session, Peter Reeves will lead a pupil panel exploring how accessibility and digital devices promote equity, inclusion, and effective learning for all students.

11.10 – 11.25 Neil Emery **Reclaim Your Screens: From Complex Systems to Student Success**

Neil will share how to move beyond complicated corporate systems to reclaim your school's screens—turning them into powerful tools to showcase student success with ease.

11.30 – 12.00 Jonny Hays **Learning with AI Through Stories: A Classroom Perspective on Pickatale**

In this session, Jonny Hays will be joined by some of his pupils to show you firsthand how Pickatale transforms learning through an authentic, student-led perspective.

12.05– 12.35 Mike Garra **Boost Student Engagement with Padlet!**

Mike Garra, Account Manager with Padlet, will show you how fun and easy it is to use Padlet's Boards and Sandboxes to turn any lesson or assignment into a dynamic and collaborative experience for students.

12.50 – 13.05 Marcus Alvarsson **Skolon – News of the Year**

AI, new functionality, and Skolon Guardians – what's new? Skolon Chief Commercial Officer Marcus Alvarsson shares the latest highlights from the platform.

13.10 – 13.25 Heine Jensen **Attendance as a Strategy: How Better Data and Engagement Reduce Absence**

Heine will share how schools can modernise attendance registration, improve engagement, and gain meaningful insights that support retention and student outcomes.

13.30 – 13.45 Jason Giddens **Reducing Exam Stress with Readspeakr TextAid**

Today, Jason explores how TextAid moves beyond simple accessibility to become the ultimate study companion. Discover how to transform learning and exam performance with tools that save teachers time and empower students to read, write, and revise with total confidence.

13.50–14.05 Tom Webb **How to Save Money and Remain GDPR Compliant**

In this session Tom will run through the cost saving benefits of the Skolon platform, with a live look at ROI analytics, contract register and procurement options. In addition to this, Tom will demonstrate how Skolon ensures you remain GDPR compliant with tool usage in this digital age.

14.10 – 14.25 Olivia Walters & Anjali Dayton **Kami: Making Geography Sustainable**

Olivia Walters and Anjali Dayton will share how Insignis Academy Trust replaced costly paper booklets with Kami, saving £9,000, improving feedback, digital literacy, and inclusion for EAL and SEND learners.
